

This wine has been specially selected for The Australian Premium Wine Collection.

It exhibits the qualities and distinctiveness that warrants its recognition as one of Australia's finest wines.

## SOURCING THE WINES OF *The Collection*<sup>™</sup>

Where do I source the wines for *The Australian Premium Wine Collection*<sup>™</sup>? The short answer is, from a wide and diverse group of producers with particular varietal passions, located in regions sympathetic to a true and distinctive expression of that particular varietal or varietals. Why? It's the only way I could achieve my goal of showcasing the true depth and diversity of the great wines of Australia.

20 years of tasting and collecting Australian wines has taught me that microclimate or Terroir is as significant in shaping the character of the great wines of Australia, as it is in France, Italy or indeed the United States.

Currently, I make selections from 20 different Producers in 13 distinct regions. In addition, I source fruit for the wines of my own labels, *Hill of Content*, *The Wishing Tree*, *Tir na N'og* and the soon to be released *The Old Faithful*, from growers in some of Australia's most renowned areas. *John Larchet, Proprietor*
